4.1 RESPONSE TO QUESTIONS TAKEN ON NOTICE

Member of the Public

Q: What is happening regarding the bitumen extension on the Yalgoo – Ninghan Road?

A: The Yalgoo-Ninghan is currently being upgraded through the RRG program over the next two years. This involves widening and re sheeting the unsealed surface through to SLK 39. Any plan for extending the sealed surface is not yet funded or part of any council asset improvement plan. However, increased interest from multiple mining companies may assist with upgrading to an all weather surface. This will only occur as funding is available from an external source.

Matter for Consideration

Adoption of the monthly financial statements, major project progress report and schedule of payments.

Background

1. The Local Government Act and Regulations require local governments to prepare monthly reports containing the information that is prescribed and require the Chief Executive Officer to prepare a list of accounts paid.
2. Council, at the ordinary meeting held in March 2012, requested that a status report for major projects be included in the monthly financial reports (decision C2012-0320). Where relevant this additional report is included in the attachments for the information of council.

Statutory Environment

Local Government Act 1995

Section 6.4—Specifies that a local government is to prepare such other financial reports as are prescribed.

Local Government (Financial Management) Regulations 1996

Reg 13(1)—Requires that where the Chief Executive Officer has delegated power to make payments from the Municipal or Trust funds a list of accounts paid is to be prepared each month.

Regulation 34 states:

(1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:

- (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
- (b) budget estimates to the end of month to which the statement relates;

- (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
- (d) material variances between the comparable amounts referred to in paragraphs (b) and (c);
- (e) the net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5 and 6 prescribe further details of information to be included in the monthly statement of financial activity.

Strategic Implications

Provision of timely accounting information to inform Council of the financial status and financial affairs of the local government.

Reports showing year to date financial performance allow monitoring of actual expenditure, revenue and overall results against budget targets.

Policy Implications

- 2.1 Capitalisation of Assets
- 2.4 Material Variance

Financial Implications

Payments from Council's Municipal Account as disclosed in the budget or subsequently approved.

Consultation

Shire accountants UHY Haines Norton.

Comment

The Shire utilises the services of accountants UHY Haines Norton to prepare the monthly financial statements in the statutory format and provide general accountancy support and advice.

A copy of the Statement of Financial Performance is included in the financial attachments with the investment register and schedule of payments.

The areas where material variances have been experienced (10% or \$10,000 above or below budget) are commented on in the material variance attachment.

11.3.2 Write off Interest on Rates

File:	
Author:	Heather Boyd, EMC
Interest Declared:	No interest to disclose
Date:	5 September 2014
Attachments (yellow)	P1 Letter to Council from Mr Smith

Matter for Consideration

That Council agrees to write off the interest charges to date on assessment 335.

Background

In August 2013 the rates notices for the Shire of Yalgoo were raised for all properties and mailed. Where there was more than one notice for a person or company they were included in one envelope. Unfortunately Assessment 335 did not get included with all the other rate notices for Mr Smith. Mr Smith made payment in full by the due date for the other three properties that he leases. Although assessment 335 was mailed in a separate envelope Mark Smith did not receive the notice.

A final notice was mailed out in April 2014. The mine was in construction phase in 2013-14 and had not yet started production. This had caused some financial stress to Mr Smith who was unable to immediately pay the outstanding rates. At this time Mr Smith approached Acting CEO, Bruce Walker with regards to actions that could be taken.

In a follow up email to CEO Dr Ross Theedom, Mr Smith has requested that the interest on the outstanding amount be waived.

Comment

Mr Smith has 2 mining and 2 exploration leases to the north of Yalgoo Township. When the rates notices were sent out in 2013 one failed to reach Mr Smith who did not realise this until a final

demand was sent out in 2014. Prior to this notice Mr Smith had made regular payments on his rates and they were paid in full during previous financial years.

Mr Smith in his letter to Council has committed to making payment on his overdue rates in two instalments.

Matter for Consideration

That Council agrees to write off an outstanding rates debt owed by Aurora Mining Pty Ltd.

Background

Aurora Mining Pty Ltd has had a mining tenement within the Shire of Yalgoo since June 2006. The company had not made payments against rates unless approached directly or when approached by a debt collector. The last payment received from Aurora was in April 2012 when they made a payment of \$1,988 against an outstanding amount of \$13,523. No further payments have been received. The Department of Mines were advised in August 2014 that they had defaulted on the rates and the Department have issued a suspension notice on their mine. If there is no payment of rates received by the Shire on or before 19 September 2014, the mining lease will be cancelled. As at 15 September no rates have been received and the Shire debt collectors, Austral Mercantile, have advised that it is unlikely that the Shire will be able to recover any of the outstanding rates.

Matter for Consideration

That Council consider writing off the rates for 2014-15 for Murchison Region Aboriginal Corporation.

Background

On 3 September 2014 Murchison Region Aboriginal Corporation (MRAC) emailed the Shire of Yalgoo rates officer to request a concession on rates for the 2014-15 year. MRAC is a non-profit Indigenous Housing Organisation which provides rental accommodation for Indigenous people within the Murchison/Gascoyne and Midwest regions. Within the Yalgoo region MRAC has 6 properties.

While MRAC is a Public Benefit Institution they charge standard residential rental for the houses provided to the tenants. The rental value set on these houses is equivalent to the rent that a private individual would expect to receive when renting a private house.

Comment

According to MRAC’s own information they currently receive \$65,000 per year in rent from their 6 houses within the Shire of Yalgoo. The rate charges for those 6 houses, including ESL and rubbish bins, is \$4,485.

If the Shire grants a concession on these rates it may be open to claims from private house owners who rent out their homes to private individuals.

Matter for Consideration

That Council approve the affixation of the Common Seal to a Master Lending Agreement with Western Australian Treasury Corporation.

Background

The Shire of Yalgoo currently has 3 loans with the Western Australia Treasury Corporation (WATC). Each loan that was taken out had individual paperwork attached to the loan. WATC has now combined all loans into one Local Government Master Lending Agreement (LGMA). This document will assist with control of current loans and facilitate with new loan requirements.

Control will still remain with Council as to when any new loans will be required to meet the expenditure of Council through the budgeting process; however the LGMLA will make the documentation required easier to process loans through WA Treasury Corporation.

Matter for Consideration

That the Board approve the development of a Tourism Video for the further promotion of the Shire of Yalgoo and its surrounds.

Background

The Shire of Yalgoo is seeking to leverage off the growth in tourism in the Mid West through a number of means. Extensive upgrades of the Yalgoo Caravan Park and two (2) promotional videos by Russell Goodrick are two major initiatives that Council have approved over the past two years.

Comment

The Shire of Yalgoo has seen a considerable boost in visitor numbers in 2014. This is largely due to the upgrades undertaken at the Yalgoo Caravan Park, new enthusiastic and experienced Park Managers and the reputation of the high quality food at the Yalgoo Hotel. At the August 2014 Council meeting Councillors were provided with statistics on the significant growth in numbers using the Shire’s caravan park.

With the need for further development of tourism in the Yalgoo Shire, the Shire Administration has been seeking means for achieving this. One option would be to seek the development of a further video that showcases other aspects of the Shire and its tourist destinations. The Russell Goodrick video showed the importance of this media for promoting the Shire. Unfortunately, this video is now

widely known and lacks the impact it had in its initial showings. Consequently, the Shire is seeking something new and bright that will spark further interest visiting our Shire.

To continue the promotional activities already commenced, the Shire asked Social Innovations Pty Ltd to provide a quotation for the supply of a small, high quality video. Social Innovations Pty Ltd has responded with a quote for \$10,320 to produce a five (5) minute tourist video plus a Montage video clip. The later item would be ideal for the Shire of Yalgoo’s new website, adding another dynamic feature to a resource that is being commented on favourably.

The quote is cheaper than the previous video produced for the Shire by Russell Goodrich (over \$11,000). Additionally, Council and the Shire are able to determine format and the focus of the end product.

Given that Russel Goodrick has produced two videos for the Shire, it is felt that a fresh approach would be of value to the Shire. For this reason, it was decided to approach Social Innovations Pty Ltd. Social Innovations Pty Ltd is a company that has undertaken video production work in the Mid West. As they know the area, they will be able to understand the dynamics of the area and produce something in keeping with the focus of Council and our needs.

In terms of procurement, the Shire is seeking to get exemption due to the limited providers in the field, the use of one of those providers previously. The quotation provided by Social Innovations Pty Ltd can be shown to be value for money given the lower price and the effluxion of time since the last video. It is also highly regarded and therefore meets the integrity and ethical provisions under the proposed procurement policy.

Simple Majority

OFFICER RECOMMENDATION/COUNCIL DECISION

That Council note information provided by WA County Health Services (WACHS) on the provision of Health services up to December 2014.

Background

Over the last few years, there has been a growing concern at the lack of health services provided to residents of Yalgoo. Council has made a number of attempts to have this concern addressed but with limited effect.

Comment

On September 11 2014, Mr Andrew Klein of WACHS emailed the Chief Executive Officer with information relating to the provision of health services between September 1 2014 and 31 December 2014. The email attachment said:

YALGOO HEALTH CENTRE SERVICE SCHEDULE
September to December 2014

Please be advised that the WA Country Health Service Nurse will be in the Health Centre (Nursing Post) every second week. During the weeks the Nurse is not in the Health Centre, a Nurse from the Mt Magnet Health Centre will endeavour to provide a nursing service twice per

week on Tuesdays and Thursdays. There may however be unforeseen circumstances when this is subject to change with little notice.

The Royal Flying Doctor Service will provide a GP clinic on the following dates:

*September 30th 2014
 October 28th 2014
 November 25th 2014
 December 23rd 2014*

The GRAMS Murchison Outreach Service will provide a Mobile Clinic Service on the following dates:

*October 6th 2014
 November 10th 2014
 December 8th 2014*

As Council can see, there has been a marked decrease in visits by the Royal Flying Doctor Service and GRAMS Murchison Outreach Service. The reduction adds further to the risks for the community due to a reduction in services.

Discussions with Mr Klein at the August 2014 meeting highlights the fact that WACHS are struggling to deliver adequate services to Yalgoo and the latest information indicates that WACHS are reducing service rather than finding solutions that would improve service levels to this town.

Matter for Consideration

That Council note the circumstances facing the Yalgoo Jockey Club (YJC) and approve limited assistance by Shire staff to help maintain the YJC as a going concern.

Background

For the last few years, the Yalgoo Jockey Club has struggled to maintain a viable committee. The Club has previously had to cancel the Yalgoo Cup due to an inability to attract members to assist in the development of the event.

The Shire of Yalgoo has been a major sponsor of the Yalgoo Cup and has devoted considerable resources to the maintenance of the racing track, buildings and surrounds.

Comment

The YJC held an Ordinary Meeting on 13 September 2014. The delay was due to an inability to gain a quorum. Such a situation appears to be a regular occurrence due to a dwindling of people in the Shire prepared to volunteer for what is the premier not for profit organisation in the Shire. Currently, the Club relies on a small band of people who are not local and are likely to depart from

Yalgoo in the next few years. This unfortunately has been the case for some time and places the organisation at great risk of wind up.

The meeting covered the usual format, looking at finances and governance. Financially, the YJC is strong. With sufficient resources to undertake some works at the track and also to pay its debts, it currently appears to be financially sustainable.

Governance wise, the former President of the YJC highlighted to the members present that most of the committee, based on the constitution, were not legally elected. The problem stemmed from a clause in the Constitution, written in the 1980's, that requires a person to be a member for at least 18 months before they can stand for the committee. This effectively rules out most of the existing members. The former President advised that he was standing down immediately and would be writing to the Department in charge of Incorporations and Associations advising them of the situation.

Given, the importance of the YJC, the Chief Executive Officer (CEO) of the Shire, being an observer at the meeting offered the committee an option that would ensure the continuation of the club. He advised that an interim President be appointed from the membership, and he undertake the revision of the Constitution, in line with current model rules, that would enable any member to serve on the committee and eliminate the need for wind up. The members agreed and elected Mr Tim Zubin as interim President.

To assist with the process, the CEO has offered YJC help from the Shire to get the Constitution revised and to enable the club to continue. The help will be limited to assist with development of the new document and to get forms and other documentation to enable the writing process to be undertaken.

The Shire also will have to undertake some capital works at the race track to ensure Occupational Health and Safety requirements are met. Planning has already commenced on this aspect.

Matter for Consideration

The establishment of the Shire of Yalgoo Community Benefit Fund Advisory Committee

Background

At its meeting in October 2013 Council endorsed the establishment of a Community Benefit Fund Advisory Committee. It was proposed that the Advisory Committee be comprised of the following members.

- 1 x Elected Member of the Shire Council
- 2 x Member of the Yalgoo township community
- 1 x Pastoralist
- 1 x member of the Paynes Find Community
- 1 x member of each of the resources/haulage companies contributing more than \$20k per annum to the Community Benefit Fund
- 1 x Shire Community & Youth Development Coordinator

The Council also endorsed the advertising of the Advisory Committee to start in early 2014.

The notice of intention to form the Advisory Committee ran for a number of months in the Bulldust. The response from the community was generally disappointing however, Tamisha Hodder expressed an interest in being a member and Gail Pilmoor from Paynes Find agreed to be kept informed of developments. Otherwise both MMG and Mount Gibson Iron (MGX) expressed their interest in being involved.

Comment

After consultation with the CEO it has been decided to go ahead and have the first meeting of the Advisory Committee in early December with the expectation that the Committee will only meet twice a year.

It was further proposed during the consultation with the CEO that the Advisory Committee should have two Councillors as members and that the Council might like to consider the nominees as being reflective of the broad demographics of the Yalgoo LGA.

There are now three companies providing at least, if not more than \$20k to the Community Benefit Fund annually. They are MMG, Mt Gibson Mining and Top Iron.

11.4.6 Meeting between the Community and Youth Development Coordinator and Executives from Mount Gibson Iron

Matter for Consideration

A report, for information only, on the meeting held with Mount Gibson Iron, (MGX) Executives on Wednesday 3 September 2014 at the MGX offices in West Perth.

Background

MGX's community liaison consultant, Liz Storr, from Storybox Consulting, invited me to meet with her and MGX executives while I was in Perth to attend and speak at the LGMA Community Network Conference.

The purpose of the invitation was to fulfil a request from MGX CEO Mr Jim Beyer, that the company become more informed on how their \$40,000 per annum contribution to the Shire's Community Benefit Fund is spent.

Although Liz Storr played down the meeting as informal, I did go to the trouble of producing a "Prezi" presentation, an on-line presentation platform similar to, but more dynamic than, PowerPoint.

I was very fortunate to be able to meet with no less than seven executives from the company including Mr Beyer and Mr Peter Kerr, Chief Financial Officer over one and half hours.

The start of the presentation utilised a collage of town and landscape photos and a description of Yalgoo's demographics and services, including Paynes Find and the pastoral stations.

I then moved on to describe how community services are provided in Yalgoo and specifically the inextricable and complimentary combination of the Centacare Indigenous Parenting Coordinator position and my position. I made the point that the Community Benefit Fund should be seen as a critical indirect partnership between MMG and MGX. The two sources of income combined making possible the two positions, which by working together, exponentially increases the capacity of the Community Benefit Fund.

I was asked during the presentation why Yalgoo doesn't have a funding program whereby community organisations could apply for funding. I answered by saying there are two main reasons. The first is the process of establishing, maintaining and reviewing a funding program is time consuming and bureaucratic and that this should be seen alongside the second point being Yalgoo's extremely small population base which means that there are very few community groups, let alone any which can appropriately manage their own funds. I also added that again because of the small population, many of us are wearing two or three "hats" and accordingly it won't be long before we will be applying for funds ourselves, thereby giving rise to a myriad of conflicts of interest.

The remainder of the presentation was a pictorial journey through the range of areas that community benefit funds are spent or where activities occur because both community positions exist. These include the holiday school programs, (incorporating Eddy on the Road, Curtin University Volunteers and Fair Game), the after school program, cultural activities such as banner painting and special guests being brought into town such as Heath Black.

I was asked about the formation of the Community Benefit Fund Advisory Committee and when it was being formed. I explained that due to all the changes that had occurred at CEO level over the

past few months the formation of the Advisory Committee has been delayed. I added that the new CEO was permanent and that we should see progress forward on the Advisory Committee in the foreseeable future. They responded that they were keen to take an active role on the new committee when it is formed.

The meeting then concluded with the Mr Beyer thanking me for the presentation and that they now had a very good understanding of how their contributions are spent in Yalgoo.

Comment

The meeting with MGX executives went extremely well. From a ‘PR’ perspective the executives became well-informed on how their financial contributions are spent and they appeared to be supportive of all current expenditure. Only one hour had been set aside for the meeting but I actually presented for close to an hour and a half. It was a very successful meeting with one of our major contributors.

Attachments	P1 Estimate on construction costs for the Community Hub (CYC)

Matter for Consideration

That Council notes the cost estimate received from architects Parry and Rosenthal for the construction of their design of the Community Hub.

Background

In 2013 a design was sought for the construction of the Yalgoo Community Hub, Community and Youth Centre component. The designs were presented to the public for comment, none were received.

At the August 2014 meeting the Council were asked to agree to put the design on the shelf until suitable funding could be sourced. To assist the Council to make an informed decision the CEO requested to obtain costings for the construction of the buildings as per the design.

Parry and Rosenthal have now provided a detailed breakdown for the construction of the buildings which shows that the cost of construction, including internal fit-out would be approximately \$6,930,000.

Grant funders require that Council match any funds dollar for dollar. For this reason if funding could be found for half the cost of the building work, Council would need to find an approximately \$3.5M as their contribution, not allowing for cost over-runs.

The Council currently receives rates of approximate \$1.8M and Financial Assistance grants of \$2.2M per year. All grants received to date by the Council require that Council match the grant funding dollar for dollar. Therefore if Council are to go ahead with the building of the Community and Youth Centre and can find funding, Council would need to find approximately \$3.5M as its cash contribution.
