Matter for Consideration

That the finance committee give consideration to the Preliminary Draft Annual Budget that excludes the surplus/deficit to be carried forward and recommend accordingly to Council for endorsement.

Background

Council is in the process of preparing the 2018-19 Annual Budget.

Statutory Environment

Local Government Act 1995

Section 6.2 Local Government to prepare Annual Budget.

Strategic Implications

The 2018-19 Preliminary Draft Annual Budget has taken into account the needs detailed in the Shire's Strategic Community Plan (SCP), the Corporate Business Plan (CBP), and the Long Term Financial Plan (LTFP) when determining items for inclusion in the proposed budget.

Comment

Attached is a draft of the 2018-19 Preliminary Annual Budget comprising of the Rate Setting Statement and detailed worksheets for the Finance Committee consideration.

In preparing the Budget worksheets, external and internal influences have been taken into account as well as a review of the Shire's operations and services to be provided. Economic efficiencies like the review of the old Centacare Program and increasing the revenue sources of the Caravan Park.

Please note that the surplus for the 2017-18 financial year is yet to be incorporated and is estimated \$856,919 in order to balance the 2018-19 Budget..

9.2 Differential Rating 2018/ 19 Proposed Rates and Minimums and Objects and Reasons

Author:	Dominic Carbone
Interest Declared:	No interest to disclose
Date:	17 June 2018
Attachments	Shire of Yalgoo Rating Methodology and it's Differential Rating Model for 2018-2019

Matter for Consideration

Determination of the rate in the dollar and the minimum rates of the various differential rating categories for the 2018/19 financial year and the advertising for the Shire's intention to impose.

Background

The Valuer General's Office (Landgate) provides Council with a rateable value for each rateable property within the Shire. Properties located in the townships of Yalgoo and Paynes Find are valued based on a gross rental value (GRV). Pastoral/rural, mining and exploration/prospecting are valued based on unimproved value (UV). Council will then set a "rate in the dollar" (RID) and minimum rate.

The rateable value (as advised by the Valuer General's Office) is multiplied by the rate in the dollar to produce the annual rates to be charged to the property. If this value is less than the minimum rate value agreed by Council, then the ratepayer will be charged the minimum rate value.

In May 2017 Council reviewed and adopted the Objects and Reasons for the differential rating categories in the Shire of Yalgoo.

The annual differential rating proposal is to be advertised for public comment for a period of 21 days prior to its adoption by Council. Submissions from ratepayers and electors are to be invited and if any submissions are received, Council is required to consider them and decide whether to impose the proposed rates and minimum with or without modification.

If a Local Government has a differential rate that is more than twice the lowest differential rate imposed, approval from the Minister for Local Government must be obtained before the rates are formally adopted by Council.

Once Council has advertised for the required time, processed any submissions from ratepayers and Ministerial approval has been granted, Council can then adopt the Annual Budget on or prior to 31 August of each calendar year.

Statutory Environment

Local Government Act 1995

- s.6.32 – States that a local government, in order to make up the budget deficiency, is to impose a general rate on rateable land that may be imposed uniformly or differentially.
- s.6.33(1) – Provides that a local government may impose differential general rates according to a number of characteristics.
- s.6.33(3) – States that a local government cannot, without the approval of the Minister, impose a differential general rate that is more than twice the lowest differential general rate imposed.
- s.6.34 – States that a local government cannot without the approval of the Minister raise an amount of general rates that exceeds 110% of the budget deficiency or is less than 90% of the budget deficiency.
- s.6.35 – States a local government may impose a minimum rate that is greater than the general rate that would be applied for the land and outlines the requirements for this minimum rate.

- s.6.36 – Requires that a local government before imposing any differential general rates provides at least 21 days local public notice of its intention to do so.

Strategic Implications

The Local Government is to ensure that it raises enough rates to generate the revenue required to fund its operating and capital expenditure commitments.

Rates Revenue as per the Long Term Financial Plan for the 2018-2019 financial year is estimated at \$2,222,050 based on a 5.2% increase over the previous year.

Policy Implications

- Policy 7.5 Rates Calculation – outlines the steps for staff to prepare a draft budget using Local Government Cost Index (LGCI).
- Policy 7.6 Preparation of Budget – outlines the steps and timetable leading to the adoption of the Budget.
- The Council adopted an increase rate in the dollar as part of the Long Term Financial Plan

Financial Implications

After taking into consideration all other sources of income, Council is required to raise sufficient rates to meet its total expenditure commitments, however, it is allowed to adopt a budget that has a deficit or a surplus that doesn't exceed 10% plus or minus of its rates revenue.

Comment

Factors such as the growth of the Shire, need for additional resources to meet growth demands, the rising cost of labour and materials, previous rate increases approved, and a perception of the affordability of a reasonable rate increase are some of the factors taken into account when considering the percentage by which rates in the dollar and minimum rates are recommended to be increased.

Section 6.33 of the Local Government Act 1995 allows Local Governments to impose differential general rates to shift the revenue raising effort to certain sectors of the Community to maintain equity based on the level of services provided by the Shire. The differential land use rating adopted by the Shire allow it to impose different rates in the dollar and minimums for the following categories.

Gross Rental Value (GRV):

Town Improved - Consists of properties located within the townsite boundaries with a predominately residential, commercial and industrial use. This category is considered by Council to be the base rate by which all other GRV properties are assessed and have a different demand and requirement on Shire services and infrastructure.

Townsite Vacant - Consists of vacant properties located within the townsite boundaries that are vacant (no residential, commercial or industrial structures built on the land). The rate in the dollar is the same as the Town Improved category however the minimum rate is higher in order to encourage landowners to undertake development.

Unimproved Value (UV)

Pastoral/Rural - This rating applies to all pastoral leases and land with a predominately rural land use. The proposed rate is comparatively lower when compared to the mining/mining tenement and

exploration/prospecting categories on the basis that the pastoral industry has minimum impact or requirement on the Shire services and infrastructure.

Mining/Mining Tenement - This category applies to all mining leases located within the Shire. The proposed rate is comparatively higher when compared to the pastoral/rural category on the basis that mining operations require additional ongoing maintenance of the roads network that service this land use, along with additional costs associated with the administration of mining tenements.

Exploration/Prospecting - This rating category applies to exploration, prospecting and other general purpose leases located in the Shire. The proposed rate is comparatively higher when compared to the pastoral/rural category and lower than the mining tenement category on the basis that the mining operations require additional and ongoing maintenance of the road network that services the land use, the additional cost associated with the administration of exploration and prospecting leases and the Shire wishes to encourage exploration.

The objects and reasons for each of the rating categories have been reviewed in relation to the Shire’s Local Planning Scheme which states the objectives of the various zones. The objects and reasons have been reviewed with no changes made.

The table below details the rate in the dollar and minimum imposed by the Shire in the 2017-18 financial year for each differential rating category and compares them against other surrounding Local Governments.

When adopting the 2016-17 Annual Budget advice was received from the Legislation Officer, Department of Local Government and Communities (DLGC) that the proposed rates in the dollar to be imposed by the Shire, were regarded to be to high in particular for the categories Exploration and Prospecting and Mining Tenements from which 95% of the rates revenue is derived.

The table below details the rates in the dollar imposed for 2017-18 and proposed for the 2018-19. The rates revenue will increase by an estimated \$55,235 resulting for an increase in valuations.

The option detailed above falls short of achieving the Long Term Financial Plan estimated rates revenue yield of \$2,222,050 with a proposed rate increase of 5.2%. On that basis it is recommended that Council give consideration of determining the following rates in the dollar and the minimum rates for the various differential rating categories for the 2018-19 financial year and advertise accordingly.

FINANCE COMMITTEE RECOMMENDATION

Differential Rating 2018/2019 – Proposed Rates and Minimums

The Finance Committee recommends to Council that:

1. Advertise the intention to impose the following differential general rates and minimum payments applying to each of the differential rate categories in accordance with Section 6.36 of the Local Government Act 1995 be placed in the Geraldton Guardian newspaper and the Bulldust.

Differential General Rate	Rate in the \$	Minimum Payment	Minimum \$
GRV – Townsite Improved	0.0767827	GRV – Townsite Improved	280
GRV – Townsite Vacant	0.0767827	GRV – Townsite Vacant	620
UV – Pastoral / Rural	0.0767827	UV – Pastoral / Rural	280
UV – Mining / Mining Tenement	0.37430250	UV – Mining / Mining Tenement	280
UV – Exploration / Prospecting	0.19882530	UV – Exploration / Prospecting	280

2. That the advertisement in (1) above also provide for an invitation for submissions to be made by an elector or a ratepayer for a period of 21 days closing at 4:00 pm on Friday 27 July 2018 and detail the

time and place where the Shire of Yalgoo Rating Methodology and it's Differential Rating Model may be inspected and a copy be placed on the Shire's website.

3. That all rural/pastoral ratepayers be provided with a copy of the Shire of Yalgoo Rating Methodology and its Differential Rating Model and be invited to make submissions.
4. That Council adopts the Objects and Reasons for the following differential rating categories;
 - Town Improved- consists of properties located within the townsite boundaries with a predominate residential, commercial and industrial use. This category is considered by council to be the base rate by which all other GRV properties are assessed and have a different demand and requirement on shire services and infrastructure.
 - Townsite Vacant – Consists of vacant properties located within the townsite boundaries that are vacant (no residential commercial or industrial structures built on the land) The rate in the dollar is the same as the Town Improved category however the minimum rate is higher in order to encourage landowners to undertake development.
 - Pastoral/Rural- this rating applies to all pastoral leases and land with a predominate rural land use. The proposed rate is comparatively lower when compared to the mining/mining tenement and exploration / prospecting categories on the basis that the pastoral industry has minimum impact or requirement on the shire services and infrastructure.
 - Mining/ Mining Tenement- this category applies to all mining leases located within the shire. The proposed rate is comparatively higher when compared to the pastoral/rural category on the basis that mining operations require additional ongoing maintenance of the roads network that services this land use along with additional costs associated with the administration of mining tenements.
 - Exploration / Prospecting – This rating category applies to exploration, prospecting and other general purpose leases located within the shire. The proposed rate is comparatively higher when compared to the pastoral/rural category and lower than the mining tenement category on the basis that the mining operations require additional and ongoing maintenance of the road network that services the land use, the additional cost associated with the administration of exploration and prospecting leases and the shire wishes to encourage exploration.

11.2.1 Final Adoption of Local Planning Scheme Amendment No. 2

Author:	Urbis Pty Ltd
Interest Declared:	No interest to disclose
Date:	19 May 2018
Attachments	Copy of Submission, Scheme Amendment Report and Map, EPA Correspondence (dated 6 March 2018)

Matter for Consideration

Council initiated Scheme Amendment No.2 (Amendment) to Local Planning Scheme No.2 (LPS 2) at its Ordinary Council Meeting of 25 January 2018 to rezone Lot 65 (No.42) and 66 (No.44), Gibbons Street, Yalgoo, from 'Public Purposes' to 'Residential (R10)'. The Amendment was subsequently advertised for public comment. The purpose of this report is for Council to consider the submissions received during the public advertising period of and to consider whether to finally adopt the Amendment.

This report further recommends that the Shire forwards the Schedule of Submissions and a copy of each submission to the Western Australian Planning Commission together with three copies of the signed and sealed Amendment documents for endorsement pursuant to Clause 53(1) of *the Planning and Development (Local Planning Scheme) Regulations 2015*. It also recommends Council requests the Honourable Minister for Transport, Planning and Lands to grant final approval to the Amendment

Background

This Amendment was initiated following a request by the landowner of the above lots to the Ombudsman of Western Australia. The subject land was previously zoned Residential R10 under the former Town Planning Scheme No.1 and was reclassified to Public Purposes as part of a Scheme Review process in 2010. On reflection, this reclassification was an administrative error with no intent by the Shire to pursue public purpose land uses on this freehold site. Accordingly, this Amendment seeks to revert to the previous Residential R10 zoning.

The Amendment is being progressed by the Shire, with the assistance of its consultant planners, Urbis, ahead of consideration by the Western Australian Planning Commission/Hon. Minister for Transport, Planning and Lands.

Discussion

Proposal

The proposal involves the following amendments to LPS 2:

- a) Reclassify Lot 65 (No. 42) Gibbons Street and Lot 66 (No.44) Gibbons Street, Yalgoo WA 6635 from 'Public Purposes' to 'Residential (R10)' as indicated on the Scheme Amendment Map.
- b) Modifying the Scheme Map accordingly

Copies of the Scheme Amendment Maps are attached.

Statutory Environment

Local Government Act 1995

s.3.1 (1) The general function of the local government is to provide for the good government of persons in its district.

Planning and Development Act 2005

Part 5, Section 75 states that - A local government may amend a local planning scheme with reference to any land within its district, or with reference to land within its district and other land within any adjacent district, by an amendment —

- a) prepared by the local government, approved by the Minister and published in the Gazette; or
- b) proposed by all or any of the owners of any land in the scheme area, adopted, with or without modifications, by the local government, approved by the Minister and published in the Gazette.

Amendments to Local Planning Schemes are required to be undertaken in accordance with the provisions of the *Planning and Development Act (2005)* (as amended) and the *Planning and Development (Local Planning Scheme) Regulations 2015*.

Planning and Development (Local Planning Scheme) Regulations 2015

As part of the preparation of the Amendment, liaison with the A/Planning Director (Mr Justin Breeze) from the Department of Planning, Lands and Heritage was undertaken, during which it was confirmed that an application of this nature would be considered a 'standard' amendment consistent with the *Planning and Development (Local Planning Scheme) Regulations 2015* (Planning Regulations). Note that under the Planning Regulations, scheme amendments either fit into a basic, standard or complex category, with the process differing for each (primarily relating to the advertising timeframes).

The Amendment was deemed to be 'standard' due to the following:

- a) The Amendment is considered to have minimal impact on land in the scheme area that is not the subject of the amendment;
- b) The Amendment does not result in any significant environmental, social, economic or governance impact on land in the scheme area; and
- c) The Amendment is not considered to be either complex or basis in nature.

In this regard, Division 3 of the *Planning and Development (Local Planning Scheme) Regulations 2015* sets out the required processes for standard amendment to a local planning scheme.

The Amendment was initiated at its Ordinary Council Meeting of 25 January 2018 for the purpose of advertising. It was then forwarded to the Environmental Protection Authority (EPA) for comment pursuant to Section 81 of the *Planning and Development Act 2005* as explored above. Following EPA advice and consistent with Clause 47(4) of the Planning Regulations (relating to standard amendments), the Amendment was advertised for a period of 42 days.

Shire of Yalgoo Local Planning Framework

The proposed Amendment is generally aligned with the key objectives of the Shire's Local Planning Strategy as well as the objectives of the proposed zones/reserves within the Shire's LPS 2.

The Amendment seeks to correct an administrative error that was borne out of the Shire's Scheme Review process in 2010. It is also noted that future development applications for both lots will need to have due regard to the specific provisions of the Residential zone and broader provisions within the Scheme as well as any other relevant planning considerations appropriate to the development (e.g. environmental/bushfire/servicing considerations).

Strategic Implications

The Amendment is consistent with the Shire's Strategic Community Plan and all relevant State and Regional policies in that it will revert land back to a Residential zone in order to facilitate the development of the lot for residential purposes. This will in turn create the opportunity to increase population and housing stock in the Shire, in appropriate locations.

Policy Implications

Nil

Financial Implications

All costs associated with the preparation and advertising of this amendment have been borne by the Shire

Consultation

Following Council initiation of the Amendment (dated 25 January 2018), the documentation was referred to the Environmental Protection Authority (EPA) as required under Section 81 of the *Planning and Development Act 2005*, and Section 48 of the *Environmental Protection Act 1986*.

Correspondence was received back from the EPA on the 6 March 2018, confirming that the EPA considers that the scheme amendment should not be assessed under Part IV Division 3 of the *Environmental Protection Act 1986*. No advice or recommendations were provided (copy of EPA correspondence attached).

Following EPA advice and consistent with Clause 47(4) of the Planning Regulations (relating to standard amendments), the Amendment was advertised for a period of 42 days via the following methods:

- Referral to the following relevant State Government Agencies:
 - Department of Biodiversity, Conservation and Attractions;
 - Department of Mines, Industry Regulation and Safety;
 - Department of Communities;
 - Department of Health;
 - Department of Primary industries and Regional Development;
 - Department of Water and Environmental Regulation;
 - Horizon Power;
 - Main Roads Western Australia;
 - Mid-West Development Commission;
 - Water Corporation.
- Referral to adjoining landowners in Yalgoo.
- Copy made available on the Shire's website.
- Copy made available at the Shire Offices.

The Shire received a total of eight (8) submissions all being from Government agencies and no submissions received from private landowners. The various matters raised in the submissions are summarised in the Attachment.

It is noted that no objections were raised by any of the submissions received. Notwithstanding, it is noted that the following recommendations / general comments were included:

- Both lots are currently not connected to water services.

- Both lots are currently not connected to power services.
- It was considered unlikely that any future development would have a significant detrimental impact on the level of service, amenity or safety to users of the Main Roads network.
- Both lots are required to connect to the scheme water and be in accordance with the *Draft Country Sewerage Policy*.

Conclusion

The proposed Amendment seeks to correct an administrative zoning error as a result of the Shire's 2010 Scheme review process. Having regard for the nature of submissions received during the public advertising period and the merit of the proposals, Officers consider Scheme Amendment No.2 to Local Planning Scheme No.2 suitable for the purposes of final adoption.

OFFICER RECOMMENDATION

Final Adoption of Local Planning Scheme Amendment No. 2

That Council:

1. Pursuant to Section 75 of the *Planning and Development Act 2005 (as amended)* and Clause 50(3)(a) of the *Planning and Development (Local Planning Scheme) Regulations 2015* resolve to support Amendment No.2 without modification and subsequently adopt Scheme Amendment No.2 to Local Planning Scheme No.2 by:
 - i. Reclassify Lot 65 (No. 42) Gibbons Street and Lot 66 (No.44) Gibbons Street, Yalgoo from 'Public Purposes' to 'Residential (R10)' as indicated on the Scheme Amendment Map.
 - ii. Amend the Scheme Map accordingly.
2. That Council authorise the Shire President and the Chief Executive Officer to execute the relevant documentation pursuant to Clause 50 of *the Planning and Development (Local Planning Scheme) Regulations 2015*.
3. That Council notes the submissions received during the formal advertising period, as set out in the Schedule of Submissions and the Officer recommendation in respect of each submission.
4. That Council forwards the Schedule of Submissions and a copy of each submission to the Western Australian Planning Commission together with three copies of the signed and sealed Amendment documents for endorsement pursuant to Clause 53(1) of *the Planning and Development (Local Planning Scheme) Regulations 2015*.
5. That Council request the Honourable Minister for Transport, Planning and Lands to grant final approval to Scheme Amendment No.2 to Local Planning Scheme No.2.
6. That Council inform those agencies and persons who made a submission on Scheme Amendment No.2 to Local Planning Scheme No.2 of its decision.

Interest Declared:	No interest to disclose
Date:	28 May 2018
Attachments	-Paynes Find Planning Due Diligence and Compliance Assessment – Paynes Find Roadhouse - Paynes Find Planning Due Diligence and Compliance Assessment – Pilroc Retreat

Matter for Consideration

Based on a series of complaints arising from a neighbour dispute, Urbis was appointed by the Shire of Yalgoo to undertake a Planning Compliance Assessment, specifically related to the land uses at Lot 4317, Goodingnow Road, Paynes Find WA 6612 – PilRoc Retreat and Lot 4234, Great Northern Highway, Paynes Find WA 6612 – Paynes Find Roadhouse & Tavern.

It is therefore requested that Council consider the associated reports and their recommendations accordingly. Attached with each report is an associated site plan for the respective property. As noted within the report, it is requested that Council consider both site plans and subsequently approve, in order to set a current approval and record of the above assessments for the properties in question. In doing so, this will ensure compliance is met with all current land uses and any additional uses proposed thereon would require appropriate approvals to be sought. Additionally, this process will allow a level of transparency and formality to both the Shire, landowners and neighbouring properties.

Further recommendation that the Shire forwards the final reports and resulting determination to the respective landowners to maintain transparency of the above determination process.

Background

Context

Urbis was appointed by the CEO to undertake a Planning Compliance Assessment, specifically related to the land uses at the below properties within Paynes Find:

- Lot 4317, Goodingnow Road, Paynes Find WA 6612 – PilRoc Retreat
- Lot 4234, Great Northern Highway, Paynes Find WA 6612 – Paynes Find Roadhouse & Tavern

The assessment was requested following concerns regarding the ongoing uses and the level of planning/building compliances associated with the aforementioned properties.

Additional assistance was sought from Mr. Atyeo – Shire Environmental Health officer, who has recently provided the Shire with a summary and outline of processes (dated 21 July 2017) which describes several recommendations for Council consideration. Documents relevant to both properties for both planning and building approvals were also received from Mr. Atyeo where applicable on the 14 February 2018 which assisted in the determination of planning compliances at the sites.

Site visits were undertaken by Urbis representatives on 14 March 2018 to facilitate the Planning Compliance Assessment with the agreement of the respective landowners.

Discussion

Following the assessment of both properties, no non-compliances were identified. However, it was noted that a record of planning documentation was not available for review. As per the assessment reports, the following recommendations are provided:

Lot 4317, Goodingnow Road, Paynes Find WA 6612 – PilRoc Retreat

It is identified that there is an anomaly, associated with the site being reserved for 'Public Purpose', however this neither reflecting the use nor there being any intention of the Local Government to acquire the site for a public purpose.

It is therefore recommended that the zoning of the land be modified to more accurately reflect the existing land uses on site. Two potential options for such zoning could be:

- Special Use Zone
- Rural Zone

In addition to the rezoning of the property, it is recommended that a current site plan be issued to the Shire, incorporating all existing land uses, which should subsequently be approved in order to set a current approval and record of the above assessments for the property. In doing so, this will ensure compliance is met with all current land uses and any additional uses proposed thereon would require appropriate approvals to be sought. Additionally, this process will allow a level of transparency and formality to both the Shire, landowners and neighbouring properties.

Lot 4234, Great Northern Highway, Paynes Find WA 6612 – Paynes Find Roadhouse & Tavern

It is recommended that Council initiate a modification to the extent of the current 'Special Use Zone No.2' zoning of the land to incorporate Lot 4234 in its entirety. This will ensure that the existing short-term accommodation situated to the rear of the lot is contained within the SUZ2 description and consistent with its use.

Based on the review of the site, we have suggested the landowner consider seeking a road closure to facilitate the development of the future fuel bowsers and enable a contiguous site in line with orderly and proper planning.

In addition to the rezoning of the property, it is recommended that a current site plan be issued to the Shire, incorporating all existing land uses, which should subsequently be approved in order to set a current approval and record of the above assessments for the property. In doing so, this will ensure compliance is met with all current land uses and any additional uses proposed thereon would require appropriate approvals to be sought. Additionally, this process will allow a level of transparency and formality to both the Shire, landowners and neighbouring properties.

Copies of the Planning Compliance Assessment Reports and Site Plans are attached.

Conclusion

As previously outlined, Urbis was appointed by the Shire of Yalgoo to undertake a Planning Compliance Assessment, specifically related to the land uses at Lot 4317, Goodingnow Road, Paynes Find WA 6612 – PilRoc Retreat and Lot 4234, Great Northern Highway, Paynes Find WA 6612 – Paynes Find Roadhouse & Tavern.

It is therefore requested that Council consider the associated reports and their recommendations accordingly and in turn provide approval for the respective site plans as provided. Officers consider that both properties have no identified non-compliances, however through lack of available records, recommend that Council approve the site plans to provide a base level of planning approval and compliance across both properties.

Under Clause 10.3 of the Shire of Yalgoo Local Planning Scheme No.2, in determining an application for planning approval the local government may –

- a) Grant its approval with or without conditions; or
- b) Refuse to grant its approval.

In this instance, it is considered that the application appropriately meets all statutory requirements and is therefore recommended that approval be granted. It is considered that in doing so, the Shire is providing for the good government of their persons within the district and follow orderly and proper planning procedures.

The Local Reserve 6936 is zoned as “Recreation” under the Shire of Yalgoo Town Planning Scheme No 2. The development, complies with the said Scheme and will enhance the available sporting facilities to the Town. The use of the proposed new pavilion will allow for change rooms, toilets and meeting areas for all of the sports that may utilise the facilities.

In determining an application for planning approval the Local Government may;

- Grant its approval with or with consultations, or
- Refuse to grant its approval

In this instance the application appropriately meets the statutory requirements and is therefore recommended for approval.

FINANCIAL REPORT TO BE PROVIDED TO ELECTED MEMBERS PRIOR TO THE MEETING

Matter for Consideration

Adoption of the Monthly Financial Statements.

Background

The Local Government Act and Regulations require local governments to prepare monthly reports containing the information that is prescribed.

Statutory Environment

Local Government Act 1995

Section 6.4–Specifies that a local government is to prepare such other financial reports as are prescribed.

Local Government (Financial Management) Regulations 1996

Regulation 34 states:

- (1) A local government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1)(d) for that month in the following detail:
 - (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c);
 - (b) budget estimates to the end of month to which the statement relates;
 - (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates;
 - (d) material variances between the comparable amounts referred to in paragraphs (b) and (c);
 - (e) the net current assets at the end of the month to which the statement relates.

Sub regulations 2, 3, 4, 5, and 6 prescribe further details of information to be included in the monthly statement of financial activity.

Strategic Implications

Provision of timely accounting information to inform Council of the financial status and financial affairs of the local government.

Reports showing year to date financial performance allow monitoring of actual expenditure, revenue, and overall results against budget targets.

Policy Implications

2.4 Material Variance

Financial Implications

The Financial Activity Statements reflect the financial situation of the Shire as at year to date.
